

HOT COCOA MIX

Mix:

- 1 - 8 QT box of instant milk
- 1 - 16 Oz Powder Coffee Creamer
- 1 - 1 Pound Box Powder Sugar
- 1 - 16 Oz box Nestle's Chocolate
- 1 Package Baby Marshmallows

Mix all ingredients in a large pan or plastic trash sack. Store in sealed container.

Cup of Cocoa Mix:

Fill a mug 1/4 - 1/3 full of mix, pour hot water over mix, stir and enjoy.

This has been my family's favorite in the winter for ages and ages. Since the boys no longer live at home and have not for several years this is the answer to a nice hot cup of cocoa. I make it every year, it never goes to waste.

It's also a great gift for a co-worker when put in a pretty jar and given with a nice mug.
